

Volunteers needed for hospice pet program

Family Hospice and Palliative Care is currently recruiting animal-friendly volunteers to participate in a new program, Pet Peace of Mind, which recognizes and actively supports the unique bond between hospice patients and their pets.

As the first hospice in Pennsylvania to participate in this program, Family Hospice, through the efforts of trained volunteers, will allow patients to complete their end-of-life journey without worrying about their pet's current or future needs.

Volunteers are needed to assist patients with pet food, financial assistance with routine veterinary care, transportation, pet walking, and more.
