## Celebration of Life Wall

Family Hospice and Palliative Care unveiled plans for a "Celebration of Life Wall" last week at The Center for Compassionate Care, its Inpatient Unit and administrative offices in Mt. Lebanon. For donations to non-profit Family Hospice, the name of deceased loved ones will be permanently inscribed on the wall, which will be built on Family Hospice's campus. Revenue generated from donations will benefit the Family Hospice Future Fund, which has been established to ensure that the same quality services offered to patients and their loved ones today are available in years to come. From left are Maureen Haggarty, Ph.D., Family Hospice Vice President of Development; KDKA-TV's Mary Robb Jackson, who spoke at the event; and Jon Allegretti, Chair of Family Hospice's fundraising committee. More information about Family Hospice and the Future Fund available at [www.familyhospice.com](http://www.familyhospice.com).
