Family Hospice and Palliative Care unveiled plans for a “Celebration of Life Wall” on June 28 at The Center for Compassionate Care, its Inpatient Unit and administrative offices in Mt. Lebanon. For donations to non-profit Family Hospice, the name of deceased loved ones will be permanently inscribed on the Wall, which will be built on Family Hospice’s campus. Revenue generated from donations will benefit the Family Hospice Future Fund, which has been established to ensure that the same quality services offered to patients and their loved ones today are available in years to come.
