Letters to the Editor

A wonderful place

Thank you so much for the story about the Family Hospice and Palliative Care ("Serene Setting: At a Mt. Lebanon Hospice, a Carefully Designed Garden and Therapy Dog Bring Solace to Patients," Aug. 14) and for making people aware of this wonderful, caring place.

I volunteer there and it is such a pleasure. The staff, workers and volunteers are special people.

If you are feeling down in the dumps on your volunteer day, you will go home feeling uplifted.

MARY VAN ASCH
